

MARCHING BAND INFORMATION

Rules and Regulations

Marching Band Activities

A. Contest Timing

1. At all Cavalcade events, bands will be given performance times only. However, it is recommended that bands follow all gate procedures and schedules at their events.
2. An official warm-up area will be designated by the show sponsor. No penalty may be assessed if the band is in the official warm-up area. If a band is not in the official warm-up area and is heard in the stadium, a 2 (two) point penalty will be assessed.
3. The Chief Judge and sponsor school representatives will make the decision concerning any delays and restarts of an event.
4. *At a regular season contest, no marching bands will be scheduled to perform later than 9:45 PM.*

B. Performance Location

1. The unit may start and end their performance from any point on the established performing surface.
2. The unit must confine its marching performance to the established performing surface, which will be defined as: the football field, including end zones and all grass/turf surfaces inside the track.
3. The 'field' is the perimeter of the playing field from goal line to goal line and side line to side line.
4. All staff, instructors, assistants, parents, etc. are directed to stay as far back from the field as possible following the start of the performance.

C. Performance Timing

1. A total of fifteen (15) minutes will be given to each band to enter the field, warm-up, perform their show and exit the field. This timing will begin only after the Chief Judge has communicated verbally with the band director, counted the total members and has given approval to enter the field. There will be a 1 point penalty for failure to comply with this procedure. Chief Judges will be doubled at Championships to ensure all rules and procedures are followed.
2. Pit and prop crews including students already counted and remaining on the field with props may start moving onto the field after the preceding performing unit has concluded their performance and the Drum Major has given the command to leave the field.
3. The timing of the show proper begins on the first note of music or the first step of the unit and must be a minimum of seven (7) minutes in length. Unusual kickoffs should be declared to the Chief Judge so that there will be no confusion as to the timing of the presentation.

4. At the conclusion of the show the entire unit is expected to exit the field promptly. There will be a penalty of .2 for each six (6) seconds, or fraction thereof, under time (<7 minutes) of the show. Under time penalties will not be enforced during the first three weekends of competition according to the Cavalcade calendar.
5. The Chief Judge will afford units' field entrance/exit flexibility within the overall 15-minute timing framework in the event of unusual or confining physical circumstances.

D. Starting Procedure For Performances

Official Announcer Script Is:

- A. As the band enters the field the announcer will say "*Ladies and Gentleman please welcome to the field _____ High School*".
- B. After this there can be the normal show announcements as the band enters the field. If the band has their own announcer and they are reading from a script or from the Program Book, please remember to remind them that they cannot read any of the band's accolades **before** their performance. Accolades only may be read **after** the performance, not before.
- C. When ready, the Band Director (or appropriate staff member) will cue the Chief Judge, who in turn will cue the announcer to say "*Drum Major(s) _____ is your band ready?*"
- D. The Drum Major(s) will salute and the announcer will then say "*Performing their show _____ Cavalcade of Bands is proud to present _____ High School*".

If there is no drum major, the announcer will wait for the cue from the Chief Judge and move to step 4, without the drum major information.

After the band's performance

Ladies and Gentlemen, the high school marching band name from city, state.

1. The use of unique, themed or prerecorded opening presentations is completely acceptable. Information about any unique starts must be communicated to the Chief Judge upon entering the field. Communication to all judges, via large handheld signs, will occur from the Chief Judge. Recordings cannot begin until the Chief Judge has indicated approval to the band director or staff member to begin. Introduction of each band should be made by the show announcer, unless this is part of a prerecorded presentation. A director or staff member must communicate with the Chief Judge on when the actual judged portion of their show begins. The Chief Judge will then signal all judges to begin judging.
2. Prior to its performance, a band may only announce officers' names, section leaders, staff, repertoire, school name and school location. A three (3) year limit of all accolades and places of performance will be allowed after the judged performance. Penalty - 0.5 Per Violation
3. Air Gram Guidelines. No air grams are allowed at Cavalcade sanctioned events.

E. Rule Interpretation

1. Any rule interpretation made during an event must be given by the Chief Judge to the Executive Director and Judging Coordinator for review and/or distribution to the general membership.

F. Penalties

1. Penalties will be assessed by the Chief Judge at the contest. Penalties must be observed, audible, or visual by the Chief Judge to be valid.

G. Staff Protocol

1. Band staffs will not wear any judging association identification at a contest in which their band competes. Penalty 5.0 per violation
2. There will be no direction, coaching, or conducting, physically or verbally during the performance, except by student members of the participating unit. Penalty - 2.0 Points per violation. Exception: One staff member may be designated to direct the unit in the event of an emergency, usually associated with the drum major. This person must be declared to the Chief Judge prior to the unit's performance. The Chief Judge at the event must report all such incidents to the Judging Coordinator immediately following the contest. There should be no repetitions of emergency situations by the same unit without adequate reasons being presented to the Judging Coordinator. All emergency situations will be determined at the discretion of the Chief Judge

H. Effects

1. Effects are to be performed or created "live" at the contest by participants of the school (these members are included when making declarations for the purpose of classification). Adults are permitted to transport props to and from the performance field and secure these props during the performance. If these adults are involved in creating an effect, a 5-point penalty will be assessed. No balloon releases, pyrotechnics, or other dangerous or flammable substances of any type are permitted at any Cavalcade event. Pyrotechnics includes fireworks, gun powder, flash paper, or fire of any nature. Flashcubes and ornamental lighting are not considered pyrotechnics. Any effect which may be harmful to persons or property will not be permitted. Any questionable effects should be cleared with the Chief Judge. Penalty - Disqualification from the Event.
2. The Cavalcade assumes no liability and/or financial responsibility for the loss of special effects or related materials due to the delay, postponement, or cancellation of an event.
3. All visual effects and balancing or modification of sound created by the unit will be done by the performing members on the established performing surface. A staff member of the group is permitted to balance the amplified audio of the performers as long as the adult does not trigger a sound or create an effect. This can take place from the front sidelines, on the field (if the pit is on the field) or in the stands. This is to allow the staff to be available to prevent a problem with feedback, wind noise, or other unintended sound in the PA system without incurring a penalty. If audio samples or electronic instruments are used, these must be triggered by the performing members, not by the audio technician. Penalty is two (2.0) points per violation.

I. Host Band

1. A host band may not compete in their own show, but may choose to be judged in exhibition.
2. If hosting a Cavalcade show, you must compete in Championships or attend 2 local Cavalcade shows. If this is not met, the show host fee will be \$500. Any exceptions must be approved by the Executive Director.

Section 4 - Post Contest Meetings

The post contest meeting is intended to allow interaction between judges and staffs, and will utilize the following format:

- A. The Chief Judge will have control of the meeting and will be able to dismiss any or all persons or groups for misconduct. If inappropriate behavior is noted, the Chief Judge will inform the band director or official representative that the behavior of the staff is inappropriate and the critique will be concluded immediately. A second occurrence by any member of the staff will result in only the director of the school being eligible to attend post contest meetings for the next two regular season Cavalcade events that the school attends. If the director is the offending member, then no representative will be eligible to attend post contest meetings for the next two regular season Cavalcade events that the school

attends. A report of such action will be given to the Executive Director who will in turn report to the general membership as soon as possible. The Cavalcade will immediately notify the administration of the penalized school in writing.

- C.** Each staff will enter the critique in order of appearance. The Chief Judge may make exceptions to that order. There will be three (3) units and a maximum of nine (9) staff members present per unit at one time. The number of staff members may be reduced if the environment for critique does not allow the maximum staff size per table. This will be determined by the Chief Judge when the critique room is seen and will be communicated to the bands.
- D.** Post contest meetings will start no later than 30 minutes after the last judged band has finished performing.
- E.** Order for critique will be based on the order of performance. If a group is traveling a significant distance to a show, the director may request to go in first with the Judging Coordinator. Requests must be received by Monday prior to the competition.

Section 5 - Judging Protests

- B.** If, after a given contest, three or more units lodge a protest against any judge, the judge will be eliminated from judging that caption for the remainder of the season. A receipt of the protest will be acknowledged within one week. Judges protested by three (3) directors in the same show will have a hearing by the Cavalcade Board and said units who voted against the judge, within ten days of the protest. If the protested judge is cleared by the Cavalcade Board, s/he will be reinstated on the judging roster immediately; this action will be recognized in written form to the judge by the Cavalcade Judging Coordinator. The protested judge will not be permitted to judge during the period of time between the formal protest and the declared result of hearing indicated above.

 3. Each judge will use Tote Sheets with sub-caption and total scores entered for each performing band.
 4. Tote Sheets will be submitted to the Tabulator in clusters (groups) dependent on the number of bands, divisions, and logical break points within each show. Clusters will be determined, in advance, by the Judging Coordinator. The Judging Coordinator will communicate these clusters to judges. The Chief Judge, in communication with the Judging Coordinator, will handle last minute performance schedule changes.
 5. Established sheet and box criteria along with sub caption spreads and number management processes will not change. Placards (printed and laminated caption sheets) will become a standard part of all judges' equipment. For reference, a set of caption sheets will be issued to all member schools prior to the season.

Section 15 - Marching Band Regular Season Event Awards

Awards are to be given for 1st, 2nd, and 3rd place finishes. Participation awards may be given at the contest sponsor's discretion. Should the contest sponsor decide to award participation awards all performing units must receive an award. Freedom Conference bands shall receive participation plaques.

Section 16 - Indoor Music Evaluation (Marching Band season)

- A. Introduction Indoor shows can be held in the event that a regularly scheduled show is rained out and there is no rain date scheduled. In such case, the show will be moved into a gymnasium or auditorium where only the music portion will be judged, including timing and penalties. If room permits, the color guards may perform from a stand still position. No points will be awarded for color guard performance.
- B. Positioning of Judges The music judges and percussion judge should position themselves so as to have the best possible listening experience. Judges should be in the audience and not on the floor or stage. The Chief Judge will consult with the show host to arrange a location which is acceptable in what will be recognized as a less than ideal situation.

C. Procedures

1. The three music judges will adjudicate each band using the captions to which they were assigned for the marching band field show. The percussion judge will also evaluate each band using the current percussion form.
2. The same timing and penalties for marching band field shows will be enforced for warm-ups and entering and leaving the performing area.
3. Judging will commence with the first note of music following the drum major salute, and will cease with the completion of the performance.
4. The post contest meeting will be held with the music judges.
5. Indoor shows will be considered an official Cavalcade event.

D. Scoring

1. Indoor Score Formula designed to eliminate use of "perfect" visual scores: Total is still 100 points
FM = 20 points
EM = 20 points
Music Average = 20 points (take the IM and EM scores to get an average. This would replace the visual average from indoor shows.)
OEM = 40 points (judges score X 2) Include these scores when determining "A" and "Open" divisions at championships.
2. Any special awards, i.e. Best Drum Major, various music or section or caption awards, best drum line, etc. may still be awarded.
3. The procedure for scoring shall be announced to the audience prior to the official announcement of the scores.

Section 17 - Withdrawal from an Event

A. A yearly contract participation form will be online by June 1st. The Director will indicate the events they will commit to and complete the form by August 31st. This will serve as a signed contractual agreement between the member school and the Cavalcade. Withdrawal from a contest after September 1st would be permitted for the following reasons only:

1. Inclement weather causing a change in school activity or involving the actual contest date.
2. Rescheduled contest date.
3. Mutual agreement between the member school band and the contest sponsor.
4. Emergency or extenuating circumstances as approved by the Executive Director Violation of this policy shall result in the member school band being ineligible for participation in championships for a period of one (1) year.

Director/Staff Passes, Handler Passes (for parent support staff) and Administration Passes (for school principals and board members) will be mailed prior to the season by the Administrative Coordinator.
