

Photo Release Information

Cavalcade of Bands is extremely sensitive to all school district policies and procedures regarding photography of students and performing ensembles. We respect privacy matters and support any and all laws pertaining to school students.

In our modern era, picture sharing of student ensembles, individual members and performing locations is very common. We want to promote your organization in the most positive and professional manner through our website and social channels. To offer this, Cavalcade assumes all photo clearances on your end are in place, and the director of each ensemble is the authority for your organization, granting permission for photo use.

If the director, staff members, students, parents, or school administration **DO NOT want any pictures taken, either as a group or individually,** please contact Executive Director Paul Smith, to be placed on our photo exemption list. He can be reached at psmithcavalcade@gmail.com or via phone at 610-909-3106.

Cavalcade of Bands reserves the right to use any and all photographs while attending a Cavalcade of Bands event, for any purpose including promotion and advertising. If photographs are used, royalty or other compensation will not be paid. It is agreed Cavalcade of Bands is released from all claims, liabilities and/or damages which now or in the future may arise from such use.

Thank you for your participation in this photographic process with Cavalcade of Bands.
