

MARCHING BAND INFORMATION

Marching Band Activities

A. Competitive Classification

1. Competitive conference names will be Independence, American, Liberty, Yankee and Patriot.
2. Sizes for band conferences are (shown as numbers of performers):
 - a. *Independence Conference – 39 and below*
 - b. *American Conference – 40 – 55*
 - c. *Liberty Conference – 56 – 75*
 - d. *Yankee Conference – 76 – 100*
 - e. *Patriot Conference – 101 and above*
3. Bands entering Cavalcade of Bands after September 1st will be placed in the appropriate conference based on total number of performing members.
4. If a band experiences an increase or decrease in the number of performing members after September 1st, the director is required to inform the Executive Director, so they can be moved to the appropriate division.
5. A two (2) point penalty will be applied to the final score for any band exceeding the number of performing members within each division.
6. Bands may not change divisions, either up or down, after September 30th.
7. A band may not compete in Championships if joining the circuit after September 30th, however, a band may elect to perform in exhibition

B. “A” and “Open” Classification

Cavalcade of Bands will institute an “A” and “Open” class division of competing bands for the duration of the season. The “A” class would be designed for groups that are new to the competitive arena, may have limited resources, or are in a growing/rebuilding phase.

Scoring

1. Bands in the A Class will be evaluated on similar competitive sheets as their open counterparts. The descriptors on the A Class sheets will be altered to reflect the basic concepts and skills that will be evaluated in the A class.
2. The difference in scoring would come from the tabulation standpoint. Each sheet would be weighted to 70% for the top box (the “what”) and 130% to the bottom box (the “how”).

3. This weight is meant to place more emphasis on the student's achievement: a primary component of the "A" class.

Class Changes

1. Promotions will happen at the discretion of the judging community. If an A Class team is "achieving" Open Class skills and misclassified, a committee consisting of Captions Heads, Education Director and the Judging Coordinator, will review that band and then advise on moving up. The use of video will be included as part of the discussion for promotion.
2. Review does not necessarily guarantee that a band will be promoted.
3. Bands that are promoted during the season would remain in the Open Class for the duration of the season.
4. In order to allow a band that is moved up to the Open Class to be accurately evaluated in their new classification, no promotions would take place in the last THREE (3) weeks of the regular season.
5. Bands that are in the "Open" class may petition to be evaluated for movement down to the "A" class. This petition has to be submitted within 24 hours after the last performance, and the director will need to provide a recent video. Caption heads will evaluate the video, and the director will be notified within 48 hours of the receipt of the video.
 - a. If approved, the change will take place for the following week, and last for the duration of the season.
 - b. No bands can move down to the "A" class after the mid-point of the season.

Championship Seeding

1. Championship seeding for both classes will be in accordance with current Cavalcade of Bands policies.
2. If a band is moved to a new class for the season, then only the scores in the new class will be counted for seeding.

C. Adjudication Only Conference

1. The "Freedom" conference is an adjudication only conference. These bands must declare noncompetitive status prior to the beginning of the season and remain so for the entire season. The bands will be given judges' digital files and a rating at the director's request. At retreat these groups will be given participation plaques.
2. Freedom Conference will receive standard or alternative evaluation at Championships. A minimum of one music and one visual judge will evaluate from the press box. Freedom band directors will elect to be adjudicated or not.
3. While Freedom bands must follow our guidelines, there will be no penalties assessed. Performance timing must be followed in order to keep the show running smoothly.

D. Season Passes

1. Director/Staff passes, Handler passes (for parent support staff) and Administration passes (for school principals and board members) will be mailed prior to the season by the Administrative Coordinator.

E. Music Copyright

1. Prior to the start of the fall marching band season, each and every school marching band must complete all music and synchronization paperwork with our preferred vendor.

2. If this paperwork is not completed by the first show of a given bands season, they will not be able to perform until all documents have been presented.
3. Both Cavalcade of Bands and the host school will have the right to refuse performance to any band, to ensure everyone is fully compliant with all music copyright licenses and documentation.

F. Contest Timing

1. At all Cavalcade of Bands events, bands will be given performance times only. However, it is recommended that bands follow all gate procedures and schedules at their events.
2. An official warm-up area will be designated by the show sponsor. No penalty may be assessed if the band is in the official warm-up area. If a band is not in the official warm-up area and is heard in the stadium, a two (2) point penalty will be assessed.
3. The Chief Judge and sponsor school representatives will make the decision concerning any delays and restarts of an event.
4. At a regular season contest, no marching bands will be scheduled to perform later than 9:45 PM. In a contest with more than eighteen (18) judged units, the final judged group may not be scheduled later than 9:15 PM.

G. Performance Location

1. The unit must confine its marching performance to the established performing surface, which will be defined as: the football field, including end zones and all grass/turf surfaces inside the track.
2. The 'field' is the perimeter of the playing field from goal line to goal line and side line to side line.
3. The unit may start and end their performance from any point on the established performing surface.
4. All staff, instructors, assistants, parents, etc. are directed to stay as far back from the field as possible following the start of the performance.

H. Performance Timing

1. A total of fifteen (15) minutes will be given to each band to enter the field, warm-up, perform their show and exit the field. This timing will begin only after the Chief Judges has communicated verbally with the band director, counted the total members and has given approval to enter the field. There will be a one (1) point penalty for failure to comply with this procedure.
2. Pit and prop crews, including students already counted and remaining on the field with props, may start moving onto the field after the preceding performing unit has concluded their performance and the Drum Major has given the command to leave the field.
3. Band members may enter the field, but not crossing the 50-yard line, as the previous band is exiting the competition field. Fifteen (15) minutes will begin when the Chief Judge signals the band and they cross over the 50 (similar to WGI entrance onto the floor).
4. The timing of the show proper begins on the first note of music or the first step of the unit and must be a minimum of seven (7) minutes in length. Unusual kickoffs should be declared to the Chief Judge so that there will be no confusion as to the timing of the presentation.
5. At the conclusion of the show, the entire unit is expected to exit the field promptly. There will be a penalty of .2 for each six (6) seconds, of fraction thereof, undertime (<7 minutes) of show. Under time penalties will not be enforced during the first three (3) weekends of competition according to the Cavalcade of Bands calendar.
6. The Chief Judge will afford units' field entrance/exit flexibility within the overall 15-minute timing framework in the event of unusual or confining physical circumstances.

I. Starting Procedure for Performances

Official Announcer Script Is:

1. As the band enters the field the announcer will say “*Ladies and Gentleman please welcome to the field _____ High School*”.
2. The Drum Major(s) will salute and the announcer will then say “*Performing their show _____ Cavalcade of Bands is proud to present _____ High School*”.
3. If there is no drum major, the announcer will wait for the cue from the Chief Judge and continue without the drum major information.

After the band’s performance

“*Ladies and Gentlemen, the high school marching band name, from city, state.*”

1. The use of unique, themed or prerecorded opening presentations is completely acceptable. Information about any unique stats must be communicated to the Chief Judge upon entering the field. Recordings cannot begin until the Chief Judge has indicated approval to the band director or staff member to begin. Introduction of each band should be made by the show announcer, unless this is part of a prerecorded presentation. A director or staff member must communicate with the Chief Judge on when the actual judge’s portion of their show begins. The Chief Judge will then signal all judges to begin judging.
2. Prior to its performance, a band may only announce officers’ names, section leaders, staff, repertoire, school name and school location. No band announcements will be made after a band’s performance.
3. Air Grams Guidelines – NO air grams are allowed at Cavalcade of Bands sanctioned events.

J. Effects

1. Visual Effect are to be performed or created “live” at the contest by participants of the school (these members are included when making declarations for the purpose of classification). The triggering of electronic music, sound effects, voiceovers, any/all lighting effects and/or visual items (e.g., “remote control”), is only permissible by a student performer who is within field boundaries.
2. Adults are permitted to transport props to and from the performance field and secure these props during the performance. Props may only be moved during a performance by students to create an effect or multiple staging’s on the field. If these adults are involved in creating an effect, a five (5) point penalty will be assessed.
3. Prop usage at any Cavalcade of Bands event is at the sole discretion of the band director. While the Judging Coordinator or Chief Judge on site may allow flexibility to prop usage due to weather considerations and safety, Cavalcade of Bands assumes no liability and or financial responsibility for the loss, or injury, due to prop usage.
4. The use of the following is strictly prohibited at every Cavalcade of Bands event: balloon releases, pyrotechnics, fire extinguishers, bubble machines, water draining devices, fireworks, gun power, flash paper and any other dangerous or flammable substance of any type. Flashcubes and ornamental lighting are not considered pyrotechnics. Any effect which may be harmful to persons or property will not be permitted. Any questionable effect must be viewed, approved and cleared by the Executive Director, Marching Band Administrator and Judging Coordinator.
5. Mixing and mastering of all electronically-produced sounds can either be done by a performer on the established performing surface or a staff member off the performing surface. // If mixing and mastering is being controlled by a staff member, that can take place either on the front sideline (between the podium and stands) or from a designated area in the stands near the fifty (50) yard line.

This staff member must stay with the board for the duration of the group's performance. An adult may operate a mixing board or wireless mixing device, ONLY for the purpose of managing volumes and balances. Allowing an adult to operate a soundboard does not grant permission for them to "contribute directly to the music or visual program." // Staff members or designated adults may enter the performance field during a group's performance to attend to an issue affecting the safety of student performers or respond to "catastrophic" equipment failure (such as loss of power or total equipment failure) without penalty, by direction of the Chief Judge for the event. // It is viewed that those aspects are the same as a musical contribution to the show and therefore should only be produced by students within field boundaries. Adults may provide direction to student operators of such equipment, so long as they remain outside of the performance field.

6. Cavalcade of Bands assumes no liability and/or financial responsibility for the loss of effects or related materials due to the delay, postponement or cancellation of an event.
7. Any use of electronic wireless transmitter/receiver units that utilize a radio frequency is limited to when the group is staging and the actual performance period. The use of this equipment in any other area is strictly prohibited. Show hosts are required to provide wireless frequencies for the house wireless system.
8. Adults may provide direction to student operators of such equipment, so long as they remain outside of the Performance Field.

K. Rule Interpretation

1. Any rule interpretation made during an event must be given by the Chief Judge to the Executive Director and Judging Coordinator for review and/or distribution to the general membership.

2. Exception: One staff member may be designated to direct the unit in the event of an emergency, usually associated with the drum major. This person must be declared to the Chief Judge prior to the unit's performance. The Chief Judge at the event must report all such incidents to the Judging Coordinator immediately following the contest. There should be no repetitions of emergency situation by the same unit without adequate reasons being presented to the Judging Coordinator.
3. All emergency situations will be determined at the discretion of the Chief Judge.

1. A host band may not compete in their own show but may choose to be judged in exhibition if they perform with their competitive division. For example, all American bands, including the host, must perform together in order for the host band score to be valid.

Championship Information

A. Eligibility

1. All bands participating in championships must have participated in at least two (2) official Cavalcade of Bands events by the championship contest date, one of which must be during the last four (4) weeks of the season prior to Championship weekend and be in good standing with Cavalcade.
2. The Executive Director may waive this clause in the event of a teacher strike, inclement weather or cancellation. Extenuating circumstances may be presented to the Executive Director for a special vote by the Cavalcade of Bands Board.
3. One (1) judged exhibition per season shall be sanctioned as one of the two official Cavalcade of Bands events.

B. Competitive Conference Divisions

1. For championships, each conference will be separated into two (2) divisions based on the average of their three (3) highest recorded scores EXCLUDING standstill performances. The average scores will also include host band exhibition scores only if the host band performs in a time slot adjacent to the other bands performing in the same conference. These divisions will be labeled ‘A’ Division and ‘Open’ Division. The ‘Open’ division will contain those bands with the highest average scores in the conference. If a band does not have three (3) scores, the remaining qualifying scores will be averaged.

2. The Sunday prior to Championships, the Judging Coordinator will compile the list of band's averages of their three (3) highest recorded scores, EXCLUDING standstill performances, remove the school name from the list, then send the raw data to the Marching Band Administrator.
3. The Marching Band Administrator will determine the most logical separation in the conference by:
 - a. Locating the largest spread between consecutive highest scores
 - b. Attempting to keep a minimum of four (4) bands in each division, and
 - c. Attempting to keep a similar number of bands in each division
4. The annual championship draw will occur the Monday prior to Championships. The Communications Coordinator will email all marching band directors the time and weblink of the championship draw.
5. Format and location for the two championship days shall be determined by the Executive Director, Marching Band Administrator, Administrative Coordinator and Executive Board, based on the best organization of bands for each stadium location on each day. A rotation of Saturday and Sunday location will be finalized by the May general membership meeting each year, with the final schedule communicated by the first weekend of October.
6. A group initially determined as an "A Division" group may elect to participate in the "Open Division." This decision must be communicated to the Executive Director by 8:00 pm on the day prior to the Championship meeting.

C. Scheduling

1. Whenever possible, one championship weekend date will be utilized, with the "A Divisions" scheduled in the first show and the "Open Divisions" following.
2. The conference divisions will have a rotation cycle for performance times each year. Conference Divisions will rotate upward.
3. The first weekend available for championships will be the last weekend in October.

D. Performance Times

1. The draw for championship order will be split into two groups (A and Open). These groups will then be divided in half for the purpose of the random draw. The bottom half of each divisions (A and Open) will compete in the first half time slots available within their given show. The top half will compete in the second half time slots available within their given show.
2. For an even number of bands in a division, they will be split in half. For an odd number of bands in a division, the higher number of bands will be in the top group. For example, 9 bands total, the bottom 4 bands will draw and then the top 5 bands will draw. This format will then carry through to the official schedule.

E. Ticket Sales

1. All seats are General Admission.
2. Ticket prices will be established and advertised by the first weekend of October. Determining ticket prices will be a group process by the Executive Director, Administrative Coordinator, Marching Band Administrator and the Executive Board.

F. Warmup Locations

1. At championships, if a group is warming up outside the official warm-up area, the Cavalcade of Bands official monitoring the warm-up area will warn the group. If the problem persists, the Cavalcade of Bands staff member monitoring warmups will contact the show coordinator for them to come to the warm-up areas and direct the unit to move. If this does not correct the problem, they will call the

Executive Director who will notify the band director of a 2-point penalty which will be enforced if they do not stop playing immediately, and move to the correct warm-up location.

2. At championships, Dr. Beat or Gock Blocks are NOT allowed in the warm-up areas. If these are used, a Cavalcade of Bands representative will be in the warmup area and will address the staff member or Band Director to stop immediately. If ignored, the show coordinator will then address the issue with the Executive Director being called to assess a two (2) point penalty of the offending band's performance.

G. Delay, Postponement, Cancellation

1. Any decision to delay, postpone or cancel a championship contest will be made as soon as possible on the day of the event. This decision will be made no later than four (4) hours prior to the scheduled start of the championship event.
