"A CELEBRATION OF GERSHWIN'S 100"

"Rhapsody in Blue"
"Someone to Watch Over Me"
"Embraceable You"
"Concerto in F"

Born of Russian immigrant parents 100 years ago this September, George Gershwin, in a tragically short lifetime, became an icon of American music. A song plugger in New York's "TinPan Alley" Gershwin took his love of the period's early jazz stylings, and brought this music into the great concert halls of the world. From popular songs, to symphonic works, to the American musical theater, George Gershwin will be remembered as one of our greatest musical geniuses. We hope you will enjoy our performance of the music of George Gershwin!
